THE BEST
ENGINEERS CHOICE !

TO GET
THE QUALITY
BUILDING MATERIALS
COME TO US !

ABOUT US

Media Group is one of the leading companies in the region in the field of supplying a wide range of high-quality building materials since 2002.

Your search for all construction materials is now under one roof.

For almost two decades we are part of infrastructure development by facilitating, delivering services and providing all kinds of building materials. Our growth is blooming all over UAE and your search has come to an end.

Our company motto is **a complete solution for construction**. At **Media General Trading LLC**, we are interested in helping anyone involved in building or remodeling any kind of structure irrespective of the project size.

We will provide you the high quality of our materials which includes Sand, Cement, Steel, Wood, Blocks, Hardware, Electrical, Plumbing, Hand Tools, Power Tools, Safety Products, Ceramics, Bathroom Fittings, Floor Tiles, Wall Tiles, Paint and Waterproofing materials.

We have now stepped into our own brands, **Gadme** is our prestigious brand for Tools & Accessories used in construction. **Manarah Al Jazeera Tr. LLC** is our brand name for sand bags. We believe that this will definitely satisfy the end users. We are also importing high quality White wood directly from Romania to serve our customers better.

We are expanding our business in Dubai as **Media Building Materials Trading LLC**, and its branches in Sharjah and Umm Al Quwain, and **Manarah Al Jazeera Tr. LLC** in Sharjah with wide range of products and enough storage space in all our branches for easy access to our valued customers.

We are proud to be one of the distributor for **KLUDI RAK** and launched **Live Experience Showroom** with wide range of display of high quality **RAK ceramics**, Bathroom Fittings, Floor Tiles, Wall Tiles to make it easier for the customers to choose their products.

We are also one of the main distributors for **RAKtherm, Fischer Germany, Bänninger Kunststoff, Laticrete, Terrain, RR cables, Skolan and HT-Safe, Jotun paints** with wide range of collections and paint mixing unit in all our branches.

Our utmost aim is Customer satisfaction, with our team of professionals working to collect quality products with reasonable price beyond UAE. We meet the requirements of our valued customers by providing high quality products at rock bottom prices and build wide customers base.

To serve you better, our search for innovative and best products in various fields will always continue.

We would like you to take pride in using our products as much pride as we have in providing high quality products to you.

fischer Trade Specialist is a widely known division under fischer innovative solutions that deals through two types of sales channels: Trade Specialists & Do-It-Yourself (DIY). fischer's Trade Specialist assortment of products include nylon/steel anchors, chemical fixings, abrasives, drill bits, sealants, foams, adhesives, zinc sprays and more.

Under the DIY section, fischer offers a wide assortment of blister cards for nylon, mechanical, chemical and cavity fixing range of products.

Anchors

fischer trade division offers all types of anchors like nylon, mechanical and chemical including S-Plug, FWA, FWB, GM, EAN, RM, FTR to their customers. We offer the complete concept of fixing solutions covering all the applications for all the types of base materials.

Screws

fischer offers a wide range of screws for the entire wood segment including chipboard screws, partially and fully threaded screws for constructive wood applications and special screws e.g. for decking. The Power-Fast technology stands for fischer's own combination of properties which makes these screws the best choice. Fast to process, safe to use and gentle on the material.

Foams and Sealants

fischer offers impressive construction chemical products such as 1K and 2K polyurethane foams for filling cavities and insulating window and door frames. fischer sealants are ideally suited to connect the joints through expansion. This guarantees long-lasting joints with anti-fungal properties to ensure a clean look over the long term.

Adhesives and Zinc Spray

fischer offers a wide range of flexible adhesives for numerous applications for indoor and outdoor use. fischer's highly innovative products allow for vibration dampening and stress compensating connections for even the most demanding applications. Our Express Cement is a clever solution with its ready-made cement mixture from the injection cartridge for repairs to joints and damaged areas. Likewise, fischer's zinc spray is also well known for its ability to protect the metal from corrosion in the long term.

Drill Bits and Chisels

fischer offers three different types of drill bits - HSS Drill Bits for metal, SDS+ & Max and Chisels for concrete. fischer's highly advanced engineering expertise allows these products a long life and are safe to use.

Abrasives

fischer also offers a wide range of grinding and cutting discs that last longer and enable you to work quickly with less effort. The successful combination of a long life and good performance enables effortless cutting. fischer's diamond grinding heads are the ideal choice for hard surfaces such as granite. The continuous turbo grinding ring produces fine grinding results suitable for quick grinding on thick concrete layers. fischer's flap disc provides outstanding finish on metal and stainless products.

GYPSUM ACCESSORIES

A collection of Makita LXT power tools and accessories. The tools include a circular saw, a cordless drill, an impact driver, a sander, a blower, a reciprocating saw, and a reciprocating saw. There are also two Makita LXT bags, several Makita LXT batteries, and two Makita LXT chargers. The tools are arranged in a group, with the bags in the background and the tools in the foreground. The Makita logo is visible on the tools and bags.

product range

MASONRY BLOCKS are producing almost all kind of solid, hollow and Insulation blocks.

PAVING BLOCKS wide variety of shapes and sizes of pavers producing with thickness 60 mm, 80mm and 100mm in coloured and non coloured, as per BS standards.

KERB STONES different sizes of stones with any length in Half Battered, Bull nose and Flush types are making on hydraulic presses with high density and strength, compliance to BS.

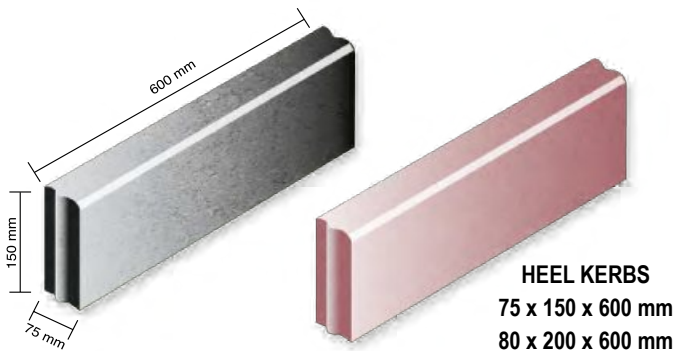

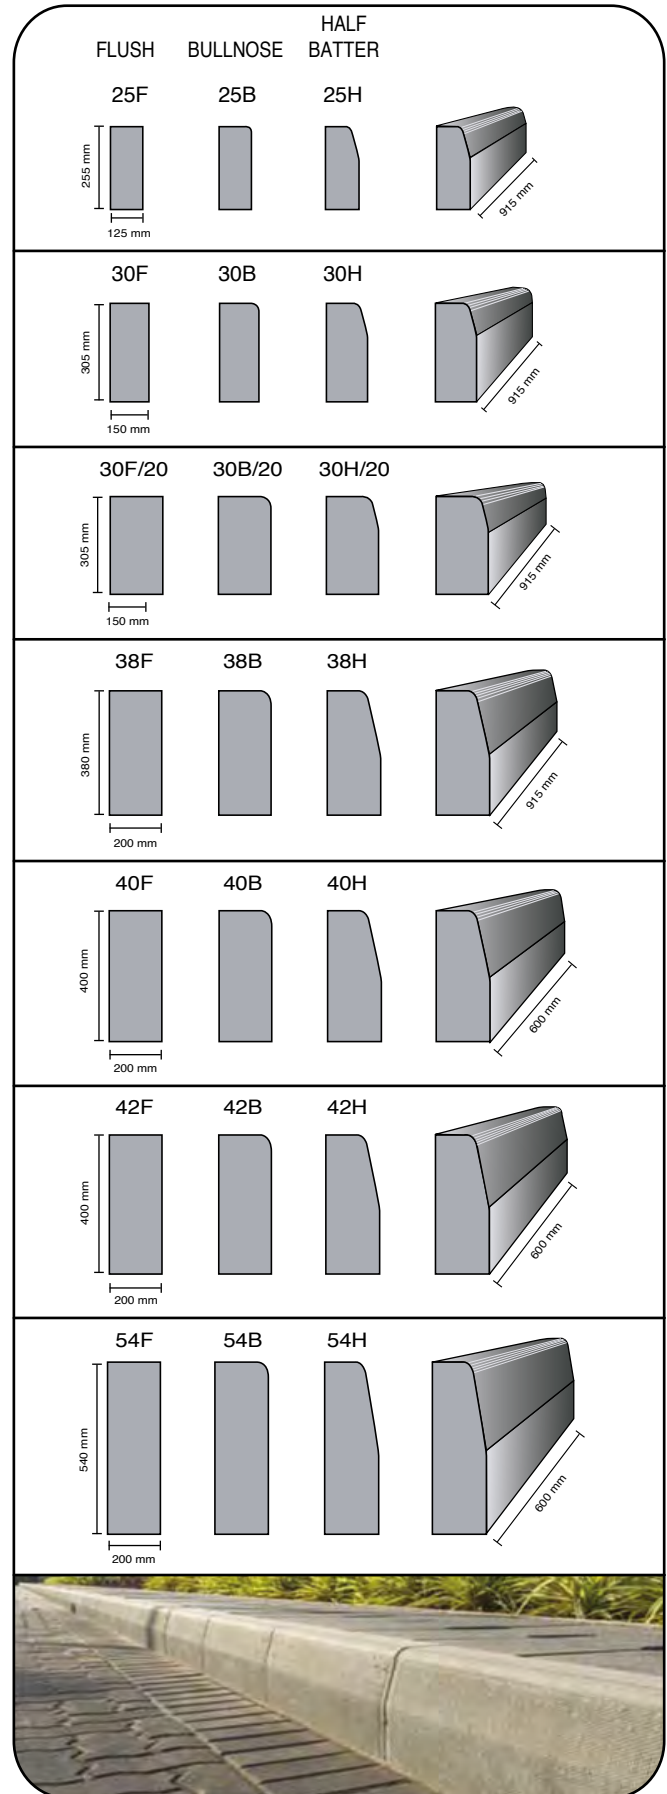

HEEL KERBS are producing mainly two types 8x20x60 and 7.5x15x60 in different colours with chamfering.

Description:

The selection of raw materials are acts major role in the concrete products quality and strength. Al Madina Interlock products has been given highest priority for them. Few selected sources raw materials are using, which are compliance with BS and carefully segregate, to produce different kinds of concrete products and confirming with standards. Time to time we maintain test reports of all our raw materials. The testing of the aggregates and sands as per the British Standards and the sand should be washed.

We follow strict quality control team monitor throughout the production process to finished products; maintain all log sheets, test reports from authorized testing centers.

We supply our products by our own off-load facility trucks to the sites and keep excellent after sales services to the customers.

INTERLOCKS , BLOCKS & KERBSTONE

DETAILS OF PAVING BLOCKS

SHAPE	NAME	SIZE	THICKNESS
